

Bullying Bullies

Right out of the high-school's large doors Eva awaited for her kid, young and foolish Tatiana.

Mother knows best, by a mile away she could see the black eye on her.

"Who made this on your face?" She asked with utmost alarm, almost screaming on the surrounding people and students.

"Nah, it's nothing, I've got balls on my face, I should just stop trying, she always does this," Tatiana mumbled, trying to cover her face with a baseball cap.

"WHO?" Eva held her shoulders and shook her so hard she almost panicked.

"I can't tell, she'll kill me if I tell!" Tatiana tried not to give but Mom was freaking strong.

"I will kill you if you don't tell me, now spit the beans!" Eva made the meanest face she could.

"D-Dana and her posse," Tatiana felt ashamed but the black eye hurt enough to compensate the shame of childishly telling out her aggressors.

"Dana Phillips, a bully? All right, let's go home and put a beef on that, I'll take care of her later," Eva kindly guided Tatiana ashamed and sobbing to their car, aiming with her peripheral vision the bully and her posse leaving the place laughing out loud, pushing people out of their way. "So typical,"

"Mom, please don't do that again, you'll get hurt, they're really dangerous," Tatiana pleaded, knowing her mother always took extreme measures to protect her.

"Darling, if I don't take matters in my own hands nobody will, I won't let a stupid bully

destroy your golden years with such crass behavior," She pouted, driving back home.

"But she does that with a lot of other people, you don't understand, it's her trademark," Tatiana couldn't believe in what she just said, defending the bully from her vengeful mother.

"Young insecure people do the worst decisions, I'll speak with her parents and solve the problem like I always do, don't you worry your pretty face and do your homework, I'll be back before dinner, heat up the casserole from yesterday, please," She arrives home, smiling to her daughter very innocently.

"Don't do it Mom, she'll break you in half, please, even the teachers are afraid of her," Tatiana tried one last time.

"I won't give up your happiness because I may be beaten by high-school bullies, please don't worry, I know the Phillips, they'll love what I'll do with their child," She smiled and resumed driving leaving her black-eyed kid still worried.

A quick dash to her secret hideout from the days of vigilante was the first step.

Donning her peasant street-clothes in favor of tight-fitting red bodysuit latex and a ninja mask to cover her shoulder-length hair was the first step, her housewife physique wasn't great but there was a little secret she had from the old days in the crime-fighting business to give her an edge in the form of a special mini-pistol hid on a secret compartment.

Clutching her utility belt, gloves and special climbing shoes she finally checked out herself on the large mirror near the elevator shaft. "Not bad for a mom, huh? The RedCat strikes back,"

She was a striking middle-aged woman, the tight fitting latex made her curvaceous thighs, plump ass and perky C-cups rise and shine fantastically.

But in the night, all cats are grey.

Her way of transportation was using the high-rise buildings as leverage for rope and hook tricks, in half an hour arriving at the window of Phillips' house in a very expensive condo.

There, RedCat got the bully and her posse on sight, enjoying a few grams of supposedly high quality pot.

Quietly, she opened the window unnoticed and cat-walked behind the sofa they were all smoking the dope through a hookah.

"This is the life," The blonde girl puffed exhilarating confidence.

"Who we'll beat tomorrow? Valeska? Lizzie?" Dana smirked.

"Let's get Tatiana again, she told her big-butt mom, man what a pussy," The black girl crackled her knuckles.

Of course RedCat took offense but would be too obvious to appear right when they were speaking of her civilian persona.

She waited a little more for a better cue.

"I think we should beat the director and get her for a ride on her car, the bitch needs some beating, she called my parents and I was grounded for a month," The blonde was seriously deep in dope, speaking painfully slowly.

"And then be arrested for that, you stupid shit-for-brains? Shut up, gimme that hose," Dana pushed the blonde and picked the hookah to puff a deep one.

"Yeah, that wouldn't look so bright in your resume," RedCat triumphantly arise from behind the sofa, surprising the trio.

"Who the hell are you? Get out of my house!" Dana quickly pulls a pistol hid within

the sofa, but RedCat puts her own mini-pistol right on her left temple.

Both doped bullies freeze looking on RedCat's cold dark green eye-mask.

"C'mon punk, make my day," She squeezes the trigger painfully slow. "Drop it or your pot-ridden brains will decorate the room for months,"

Dana reluctantly puts the pistol back on the floor, RedCat slowly pulls hers off her head and picks the one on the carpet. "Girls shouldn't play with guns, you should play with boys, or perhaps their cocks,"

"Fuck you, we hate men!" The blonde screamed.

"Yeah, we won't be fuck-toys for stupid meatheads," The black girl shouted flipping the bird towards RedCat.

"So you're lesbians? You empty your frustrations beating random people? How sad," RedCat pointed the gun for the blonde and then the black girl.

"What gives? A big-butted old fart wouldn't understand," Dana stood up, crossing her arms over her perky B-cups.

"Listen, you girls need to find a better way to use your youth instead of becoming stupid bullies, it's just a waste of your qualities, you're beautiful, healthy and strong-minded, you don't need to beat every schmuck to prove that, really," RedCat tried to be reasonable, waving her pistol while talking.

"Screw you!" The blonde jumped on her, receiving a shot directly on the belly and a judo throw to the sofa.

"You shot Suzy! Oh shit don't kill me! I'll do whatever you want!" The black girl rose her arms in frank surrender.

"Screw me then," RedCat shot her bellybutton with precision.

Dana panicked and trying to escape the scene received a shot on the butt.

"I'm not bleeding? What the hell did you shot on us?" Suzy looked at her belly, a strange green mark quickly vanishing absorbed by her skin.

"Something to spice up your girl on girl, clam fighting and carpet munching," RedCat smiled, watching the girls moan and groan aloud.

The girls had different reactions to the results of the virotic injection.

The black girl grew a towering ebony cock out of her panties, it exited by her leg and angled up almost painfully excited by the toxins released on her bloodstream.

Suzy grew another huge dick but her thong kept it jailed, giving her a weird wedgie she quickly got rid of to look at her new-grown freakish member.

Dana, being a brunette, grew a tanned cock, tenting her skirt and briefly smothering it with precum.

"What the hell, this is absurd! We hate cocks!" Dana protested.

"Uh we hate guys, these are female cocks right? We're bigger than anything I ever seen in porn!" Suzy reasoned, jerking her big fat pecker.

"I'm weirded out but this feels so sexy, wow, I'm bigger than my brother," The black girl measured hers with her palms.

It certainly felt nice. RedCat then proceeded to strip off her latex suit, keeping her ninja mask, grabs Suzy's dick to show her what a femcock was capable of, sucking the hell out of it.

"Hey, not fair, suck mine too," The black girl stripped off her shirt and bra, pulling the shorts and panties over the hard erection was difficult but she managed to do it.

RedCat kneeled on the floor and took turns pleasing the bullies, Suzy shaking her leg and biting her lip, almost cumming.

"I'm cum... Oh AHHHHH!" Suzy stiffened and exploded in a frenzied torrent of pearly white ropes of smelly jizz over the black girl and RedCat's head, who obviously protested.

"So soon Suzy? That way you won't be able to enjoy the main dish," RedCat sat on the sofa and spreaded her lovepot, trimmed patch and inviting ass to their assault.

The black girl quickly took the pole and shoved on her twat, the expected queefing muffled by the sounds of her grunting.

"Take your time and enjoy the ride, we're not running a clock for your first femcock fuck," RedCat felt tight again with such a piece of black meat hammered on her honeypot.

"This feels so much better than rubber," The black girl was a natural stamina fountain, sweating profusely hitting her crotch on RedCat's.

Having a natural gift for using a big dick, she held RedCat's legs over her shoulders and pumped frenzied, sloppy sounds filling the dope and jizz scented room.

Unexperienced, she quickly and loudly came and rolled off the invading vigilante with a loud 'plop'.

Dana stood confused, Suzy getting hard peeping off the black girl's show.

"You fucking sluts, let me try too," She timidly pointed her throbbing erection on RedCat's steaming pussy, sliding in quickly, falling on her embrace.

"This sure is better than wasting time bullying people, isn't it?" She smiled, thinking the trio was being taught their lesson.

"Feels so fucking good, ma'am," Dana quickly learned how to control her pace to

avoid cumming so fast. Her fat cock plunged deep and kissed RedCat's cervix deliciously softly.

"If you girls behave from now on I'll pay you a visit now and then, these huge girl-cocks are a gift, use them to make people happy, okay? I'll keep your secret safe," RedCat smirked, watching from her eye's corner the blonde screw the back girl rudely, her hard cock bashing against her tummy each time she plowed her chocolate pussy.

In a few minutes the blonde came again, the black girl coming together splashing her thick sperm on her chin.

Dana kept the pace, hugging and loving RedCat's tits while romantically fucked her inside out with the monster cock.

"Do these things, uh, can make babies?" Dana asked with the most innocent face she ever did.

"Hardly, like one in a thousand fucks, don't you worry your little head and keep fucking me until you're satisfied," RedCat caressed her hair, she kept pumping moaning so low she almost purred.

After a dozen fucks enjoying their pussies and trying threesomes and different pairings, the youngsters fell exhausted, their cocks finally satisfied and the room completely drenched on cum.

RedCat dressed her latex suit and left the scene, knowing Mr. and Ms. Phillips would be back the next weekend, the bullies would fuck themselves to exhaustion every other day.

Or so she thought.

"Mom, what the hell did you do with them? I thought you were to beat the shit out of them," Tatiana asked, confused. "They're docile and lovely, have you drugged them?"

"Oh darling don't worry, it's solved right? Justice was served," Eva relaxed on her favorite couch, enjoying a book.

Back on the highschool, moans filled the dark corridors after hours.

The Thick Trio, as they now called themselves, were gangbanging Ms. Helen, the director, on the detention room.

"So Helen, tell me how your husband don't fuck you enough and you abuse poor students for your fix, you bad, bad director," Dana slapped her butt while Suzy screwed her pussy, the black girl Megan pounding her mouth.

As with every youngster their hunger for sex only grew week after week but was manageable with plentiful threesomes and the eventual curious fly that fell in their veiny, huge traps to be amazed with the power of their overgrown girl-cocks.

Once again the city was saved thanks to the valiant efforts of RedCat!
