

## **H.Res.707**

### **Passed House amended (09/18/2014)**

Applauds those foreign leaders who have condemned anti-Semitic acts, and calls on those who have yet to take firm action against anti-Semitism in their countries to do so.

*Why is this allowed? Why is this not being spoken about?*

*Jewish influences control all of your media, all of your government by proxy, both democratic and republican parties, and what choices you have in any vote. Jewish influences control the Federal Reserve System and all of finance. They are the gatekeepers. They are "the 1%".*

*Your democracy is an illusion. Your freedom is an illusion.*

*Germany stood up for itself, but it was quickly shown what happens when you do not follow their plan. It was known and reported as an honourable, upstanding nation until they rejected their central bank which had driven their economy into the ground. Iceland refused to bail out their bankers which had done the same, and it was labelled as a "terrorist nation".*

*Of course, the mere stigma of Nazi Germany has been formed over time to be vile or even evil by the most fierce propaganda campaign in all of history. In truth, the holocaust did not happen. There were no "6 million" (a number used many times throughout history to gain sympathy towards Jews for acts which were never committed - in fact, it's in their holy book).*

**To learn who rules over you, simply find out who you are not allowed to criticize.**
