

One Click Money

Brief Introduction:

There are thousands of ways to make money online but 90% of them involve; selling stuff for others, earning from visitors or getting paid to click. This method involves getting paid to click. This is more of a Grey-Hat method because you are breaking the site rules a bit. This method has been tested and works which I can personally vouch for as I am using it right now. It takes about 10 mins of your time daily and it is a long term method meaning you will not earn the money within a day or two but within a week. There are no screenshots because the method is fairly simple to implement.

Read Through the Whole Method and Materials Section Before Implementing.

About the Site:

This PTC site gives you \$0.01 per click and \$0.01 per click your referral or rented referral makes. The premium account gives you \$0.015 per click and same for direct and rented referrals. In order to get a premium account you need to buy it which cost's \$7 monthly. The rented referrals cost \$1 for standard account and \$0.75 for premium accounts. You get about 6 ads daily to click on a standard account but 20 ads daily on premium account.

Method and Materials:

1. First go signup for the site which is <http://ahlbux.com/join.php>
2. Next click on the ads and get familiar with the site.
3. Now what you need to do is create about 10 accounts using your referral link from your first account you got.
4. Each account is referenced to a single ip-address and you cannot use a proxy
5. Go around your area or library or friend's house and sign-up for the accounts using any open connection or secured connection.
6. Note down the username, password and email for each account in excel
7. You must have a paypal account. Now associate each email to your paypal account since you can associate 8 emails to your one paypal account this means we have two emails remaining. So create another paypal account and verify it but don't put banking

information. Associate the rest of the emails to this account and when you receive funds to this account you can just send the money to your first paypal account.

8. Remember all 10 accounts should be under your first account and not under each other.
9. Now download ccleaner from <http://ccleaner.com> and install it.
10. Login in to your first account and click ads then log out and close the browser then run ccleaner to erase all cookies then login into your second account
11. Do this for all 11 accounts which include your first account then the 10 accounts you created.
12. Do not spend money on rentals just yet.
13. Once you make about \$7 then buy the premium for your initial account and continue clicking.
14. Then when you make your second \$7 then buy premium for your second account and continue clicking.
15. Steps 12 and 13 and 14 are to make sure that you get about 20 clicks a day.
16. Now that is it for now. Continue reading and I will give you more steps later.

Okay let's go through how much you can actually make with this method using a premium account. "Act" stands for account.

Account	Clicks [earned]	# of Referrals	Got by Referrals	Total [earned]
Initial [premium]	20 [\$0.30]	10 [6 clicks each]	\$0.90	\$1.2 per day
Act 01 [standard]	6 [\$0.06]	0	0	\$0.06 per day
.....
Act 10 [standard]	6 [\$0.06]	0	0	\$0.06 per day
Total	80 [\$0.90]	10 [6 clicks each]	\$0.90	\$1.80 per day \$54 per month

Okay let's go through and see how much we can make when we get all 11 accounts to premium status which should take about a month.

Account	Clicks [earned]	# of Referrals	Got by Referrals	Total [earned]
Initial [premium]	20 [\$0.30]	10 [20 clicks ea.]	\$3.00	\$3.30 per day
Act01 [premium]	20 [\$0.30]	0	0	\$0.30 per day
.....
Act10 [premium]	20 [\$0.30]	0	0	\$0.30 per day
Total	220 [\$3.30]	10 [20 clicks ea.]	\$3.00	\$6.3 per day <u>\$189 per month</u>

Renting Referrals:

You should only rent referrals after your first month when you have all premium account then start renting with only your initial account. This will ensure you get more clicks and more money. So let's say you have 10 rented referrals who click 6 ads then that's 60 ads at \$0.015 per ad which comes to \$0.90 per day or \$27 per month. So you can see there is a lot of money to be made doing this.

Getting Direct Referrals:

This you can do several ways and one way is to buy traffic on other PTC websites and let them show your referral link. You can buy 10,000 visitors for about \$6 so even if 10 convert you can be happy. Another way is to put your signature in forums or just be creative.
