Questions you can expect when signing up for the Neverblue Network

Name

Just enter your name

Business name

Leave blank or enter your business name

Payment method

Select the way you want to get paid. Usually check, wire or PayPal.

Banking information

When you selected to get paid by wire you have to give your banking routing information.

Experience Level

Tell them what your experience is with affiliate marketing and maybe what your goals are.

Traffic sources

They would like to know how you are going to send traffic to their CPA offers. Through paid advertising (like PPC), your own website, email etc. When you have read the other Modules you can better answer this kind of questions.

Experience with other cpa networks

If you have worked with **other networks** you can enter them here (like commission junction or Clickbank).

Important when you sign up!

Remember that there are **real people** behind this network. Mostly are highly professional. Try to be honest in your application (of course you can play a little with this, but not too much ☺). If you are accepted in the network you are going to work with this people closely. So lying would only have a very **negative effect** on your relationship with this network.

Be friendly and honest and they will be open to higher commission payouts, **better payout plans** and advance payments.

If you are building a good relationship with them they maybe even will let you know first about new great CPA offers before they open it to **the public** (other marketers).

Signing up for Clickbank

The Clickbank application is simple and any one gets approved directly.
