Various vidya OSTs from your friendly neighborhood anons

If you have something to contribute:

Upload the files in a rar or zip or whatever onto Mega or Mediafire or whatever you use. Then use SUGGESTING MODE (top right) to add your entry in the right place (Name of game, format of music, bitrate, size of compressed file). Alternatively, go to the comments section in the upper right hand corner of the screen and put the link there along with the same info mentioned above. IF THERE IS AN ACTIVE THREAD, POST THERE.

Try to get clean filenames, track numbers, etc. on the stuff, if you don't we'll get to them eventually and tidy them up.

Periodically check to make sure your links are still up. They can be erased accidentally, or on purpose.

Any other important issues go in the comments section.

Arranged alphabetically for autism's sake.
